

Food Information

A Sure Start Children's Centre

Dear Parent/Carers,

14th March 2013

We like to encourage the children to eat healthy food and also to try all types of food.

We understand that for some children there are certain foods that they are not able to eat due to medical, allergy or religious reasons.

Please use the form below to let us know if your child is unable to eat or try anything for these reasons, and also if you are happy for us to encourage them to try other types of food that they may not have at home.

Please don't tell us about food that they don't like or won't eat, as they will let us know this information.

Thank you for your help with this.

Yours sincerely,

Lindsey Fuller
Headteacher
